ENGINEERING NEWS-RECORD

VOLUME 130...JANUARY—JUNE, 1943

January 7 ..... 1– 16
January 14 87–102
January 21 103–152
January 28 153–168
February 4 169–254
February 11 255–270
February 18 271–320
February 25 321–332
March 4 333–386
March 11 387–402
March 18 403–448
March 25 449–462
April 1 463–506
April 8 507–530
April 15 531–641
April 22 642–654
April 29 655–705
May 6 706–718
May 13 719–766
May 20 767–780
May 27 781–848
June 3 849–862
June 10 863–910
June 17 911–926
June 24 927–942

A

Acoustics:
Tank engine test cells designed for sound reduction ..... •812

Aeronautics

Airplanes:
Bulldozer takes a ride ..... n•450
Airplane plants:
Douglas plant of timber ..... n•334
Douglas windowless plant ventilated with tile flues ..... •509

Airports:

Aleutian base in construction ..... n•855
American airebases across Africa. Littler & Creamer ..... •216
American-built airdrome in England dedicated. W. G. Bowman 917
Army reveals airborne engineer unit. n89
British develop wire mesh emergency runway ..... n•455
Chinese airport being built by women. n•87
CAA airport in midwest is drained by utilizing underground channels ..... •498
Cyprus Is. airfield repaired ..... n•171
Denver to construct second airport n775
Drainage on a rocky site ..... •28
Flight strip construction methods ..... •128
e114
Floating airport idea revived for post-war construction ..... n•724
Goose Airport, Labrador, constructed in 18 months n785
Hangar for blimp of fire-resistant wood ..... n•333
Hangars for combat zones, portable, steel-frame. W. B. Larkin ..... •675
Hangar of timber erected by two traveling tower derricks ..... •542
Hangar, partly erected, wrecked by winds ..... n•272
India air depot ..... n•857
Kansas City, Mo. airport paving and grading (unit prices) 152
Kentucky airfield paved with local materials ..... n•390
Minneapolis and St. Paul agree on joint airport ..... n Apr. 22; adv. 241
Multiple-box drain for airbase runoff. •678
Naval air training station construction rushed to completion ..... •792
New naval public work authorized n404
New York City—Idlewild Airport n173
Pacific Northwest airport paved with concrete in near-zero weather ..... •547
e540
Precast box conduits for runway drainage. C. R. Otto ..... •899
Seaplane ramps designed of precast concrete ..... •306
Seven civil airport projects reinstated by WPB n773
Soil classification for airfields reported to A.S.C.E. meeting n110
Steel landing mats used for temporary bridge ..... n•655
Test runway gives data on base thickness requirements ..... •430
Vibration considered in designing airplane runways 134
WPB stops work on 19 airports but continues others n100
Washington, D. C. fighter plane base nearly ready to protect area ..... n•521

Air conditioning:
Ducts of non-metallic sheets used for air conditioning ..... •492
Moisture barriers prevent condensation in walls 361

Air Raids and Protection

Air raid signals operated by garage compressors ..... •316
Bubbler set for war gas detection ..... •736
Germany—Moehne and Eder Dams attacked successfully. J. D. Lewin. •890
e872
Germany—Moehne and Eder Dams breached by British bombers ..... n•719
Great Britain—miners build London's deep underground shelters 499
Great Britain's war emergency repairs. C. F. Greeves-Carpenter ..... •439
Hawaii in wartime. F. D. Lowrey ..... l 539
Malta buildings subject to heavy bombings ..... n•161
Mexico City abandons air raid plans. Mar. 11; adv. 190
Waterworks repairs under war conditions 503
American Association of State Highway Officials and Highway Research Board—St. Louis meeting 71
American Concrete Institute:
Cancels annual meeting n106
Chicago convention n275
American Institute of Consulting Engineers meeting n106
American Institute of Steel Construction meeting n722
American Planning & Civic Association of Washington—Citizens Conference on Planning n920
American Road Builders Association meeting n707
American Society for Testing Materials—Buffalo meeting n388
American Society of Civil Engineers:
Honorary members named ..... n•108
New York meeting n105
Postwar Committee headed by Donald Kennedy n922
Sacramento Section meets n922
Texas Section meeting ..... n•533
American Standards Association—New York meeting n95
American Water Works Association:
Cleveland meeting n911
Meeting of directors ..... n•89
New York Section meeting n7
War and postwar waterworks needs will feature conference 564
American Wood Preservers' Association—Chicago meeting n660
Amphibian engineers are invasion road-builders n450
Amphibian tanks ..... n•769

Aqueducts:
Delaware River Aqueduct:
Two sections now in use for New York City n465

Arches:
Glued, laminated wood arches ..... n•518
Three-hinged laminated timber arches. n•259

Associated General Contractors:
Board meeting replaces convention n22
Chicago convention ..... n•273
Association of Highway Officials of the North Atlantic States—New York meeting n326
Auditoriums—Atlanta's auditorium rebuilt without priorities ..... n•520
Automobiles—Highway speeds lowered to 37 miles an hour n713

Awards

Army-Navy "E" award to Austin Co. . n•164
Army-Navy "E" award presented to contractors for Trinidad base n392
Army-Navy "E" award to more contractors n322
City planners honor E. M. Bassett ..... n•93
Washington award to go to Dean Potter. n271

B

Beams

Built-up beams substituted for heavy timbers ..... •504
Design method for eccentrically loaded columns. Odd Albert, •365; C. P. Tschebotanoff ..... l 871
Glued laminated beams carry test load. •810
How to analyze continuous beams for combined dead and live loading. Joseph Zalkin ..... •4 6
Strengthening floor joists. T. B. Rights. •441
Wood floor joists. J. E. Mackie ..... l 727
Billing machine used in lettering engineering drawings ..... •694

Blasting

Airport drainage on a rocky site ..... •28
Cleveland bridge is blasted landward for salvage ..... n•169
Setting utilities poles with high explosives. J. L. Mattox ..... •811
Boilers easily handled by attaching guide lines ..... •148

Book Reviews

Army engineers in review. Capt. B. W. Leyson 376
Can our cities survive? J. L. Sert 150
Collapse or boom at the end of the war. Moulton & Schlotterbeck 150
Dictionary of science and technology in English, French, German, Spanish. Maxim Newmark 824
Engineering drawing. L. M. Sahaz 506
Handbook of brick masonry construction. J. A. Mulligan 506
Introduction to the economics of civil engineering. J. L. Finch 697
It's a cinch, Private Finch. Stein & Brown 507
Keep 'em crawling—earthworms of war. W. H. Upson 506
Labor Relations Act in the courts. H. O. Eby 376
Manual of engineering drawing. H. C. Hesse 506
Mechanics of fluids. Glenn Murphy 697
Merriman's strength of materials revised by E. K. Hankin 150
National paint dictionary. J. R. Steward 376
New York plans for the future. Cleveland Rodgers 376
Photogrammetry. H. O. Sharp 697
Physics of the earth ed. by O. E. Meinzer 824
Plumbing practice and design. Svend Plum 506
Stream flow: measurement, records and their use. Grover & Harrington 824
Traffic and parking study 376
Boston Society of Civil Engineers—Turner elected president ..... n•529
Bowman, Waldo G. ENR editor, on mission overseas ..... n•865
Brandt, A. W., N. Y. public works head retires, n782; dies ..... n•869

Bridge construction:

Hartford, Conn.—three-span plate-girder bridge erection. R. M. Boynton ..... •443
1942 bridge design and construction. W. G. Bowman 203
Tennessee ordnance plant bridge built of old trusses. E. L. Durkee ..... •901

Bridge Design

Dubuque, Iowa, three-span continuous truss bridge with middle span a tied arch ..... •283
Hartford's Charter Oak Bridge constructed of long plate girders. C. H. Gronquist ..... •344
Iraq Army bridge designed to have central span sink below the water n724
Postwar bridge standards e791

Bridges

Alaska Military Highway:
Bridges planned for highway n518
Arkansas:
Bridge rentals held payable to road board ..... n Mar. 25; adv. 106
Army engineers demolish bridges in North Carolina ..... n Mar. 25; adv. 93

• Illustrated; a, abstracts; e, editorials; l, letter; n, news

Bear Mountain bridge:
Tolls help pay school taxes.....n527
Bowling Green, Kentucky:
Fighting water in bridge foundation..*806
California grade crossing speeds up traffic at defense plant.....n95
Canton, N. C.:
Town buys bridge to replace overpass span n266
Cleveland:
Central Viaduct blasted landward for salvage n*160
Dubuque, Iowa:
Three-span continuous truss bridge with middle span a tied arch.....*283
Eggners Ferry Bridge and Scott-Fitzhugh bridge:
To be raised to maintain routes over Kentucky Reservoir n338
Georgia bridge and approaches (unit prices) 320
Grand Coulee Dam:
Timber bridge dynamited.....n*451
Hartford, Conn.:
Charter Oak Bridge contructed of long plate girders. C. H. Gronquist *344
Charter Oak bridge tolls reduce indebtedness n657
State to finance bridge.....n783
Three-span plate-girder bridge erection. R. M. Boynton.....*443
Henderson, Ark.:
Bridge construction is urged.....n263
Indiana:
Covered highway bridge preserved as landmark n867
Indiana concrete arch bridge (unit prices) 842
Indiana State Highway bridges:
Flood damage to bridges not excessive n916
Iraq Army bridge designed to have central span sink below the water.....n724
Kansas City, Kan.:
James Street bridge raised for flood clearance by bootstrap jacking rigs.*558
Lavaca Bay Ridge, Tex.:
Construction (unit prices).....700
Los Angeles:
Aliso St. viaduct project completed..n*324
Memphis, Tenn.:
New bridge plans advanced.....n712
New Jersey bridge substructure (unit prices) 152
New Jersey underpass widened without traffic interruption n*712
New London, Conn.:
Balanced and cantilever erection methods n*522
Old Thames bridge may be retained..n257
Thames bridge may be toll-free.....n100
Thames toll bridge opens.....n*326
Traffic survey to check effect of gas rationing.....n277
New York City:
Triboro Authority asks move to ban bond default n859
Nova Scotia:
Canso Strait causeway proposed.....n645
Paint maintenance for bridges. T. H. Dennis *368
Pit River (Shasta Dam):
Traffic moves over bridge..... n93
Pittsburgh:
Liberty Bridge is widened and improved *798
Salt Lake City, Utah, concrete overpass (unit prices).....Nov. 508
San Francisco-Golden Gate bridge—State operation of bridge considered..... n12
Steel landing mats used for temporay bridge n*655
Tacoma Narrows bridge:
New plans approved by experts.....n852
Tons of scrap wire.....n*335
Unspinning bridge cables. C. E. Andrew *35
Tancochapa River, Mexico:
Reinforced-concrete caps support bridge, swing span manually operated *688
Tennessee:
Ordnance plant bridge built of old trusses. E. L. Durkee.....*901
Texas bridge piers (unit prices).....320
Texas highway bridge (unit prices).... 246
U. S. S. R.:
Smolensk bridge repaired.....n*169
West Virginia bridge approaches (unit prices) 842
West Virginia:
Railroad bridge salvaged for highway use. C. A. Rothrock.....*695
Bubbler set for water gas detection.....*736

Building Construction

British wartime housing uses concrete construction instead of timber..... 741
Cost comparison of wood, steel and concrete warehouses. A. F. Comstock, 626; J. E. Kalinka.....l 727
Depreciation schedule—U. S. Bureau of Internal Revenue 622
Framing method for log cabins.....*566
Municipal building costs—New York City, 1942 652
Navy Department honors Albert Kahn, Inc. for work on naval bases.....n644
1942 buildings were for war. A. N. Carter *186
Pittsburgh industrial buildings of precast concrete *302
Rubber plant construction stopped.....n403
Safety guard on sharp corners.....*566
Single wall system of house assembly. Samuel Paul *362
Six-room home in six hours' time, Charleston, S. C.....n*260
Space for plant layout.....e790
Special building cost and volume indexes 1913-1942 (charts & tables)..... 574
Urban building declines for a year.....n527
WPB plans cut in war plant building..n721

Building Design

American Institute of Steel Construction discontinues bridge competition.....n534
Igloo of interlocking wood for ammunition n*393
Indian "long houses." A. L. Shaw.....l 413
Sperry Gyroscope war plant is designed for efficiency *121
Windowless aircraft plant ventilated with tile flues.....*500

Building laws and regulations:

Massachusetts fire hazard committee named n88
Massachusetts urges new building safety code n532
Building maintenance—Definition of maintenance and repair revised by WPB... n Mar. 25; adv. 100
Building Officials Conference of America meeting n722

Buildings

Aircraft factory of timber.....n*334
Arlington, Va.:
War Department's Pentagon building costs double the estimate.....n656
War Department's Pentagon office building access highway network....*420
Army hospital built of concrete blocks..n*856
Army hospital in northern location—contractors use different methods for winter protection *738
Atlanta:
Auditorium rebuilt without priorities.n*520
Chrysler's war plant concrete roof built with traveling retractable forms.....*874
Chrysler's war plant multiple-arch concrete roof saves steel.....*31
Clifton, N. J.:
Federal Telephone & Radio building is started n*709
Maspeth, N. Y. C.:
Aluminum plant ready for work..... n Mar. 25; adv. 100
Michigan:
Dow Magnesium plant goes into production n650
Naval air training station construction rushed to completion.....*792
Naval supply depot completed in Utah..n716
New York City:
Oceanarium proposed...n May 6; adv. 139
Old car barn frame work builds war plant n*7
Pittsburgh:
Industrial buildings of precast concrete *302
Plant for war manufacturing being built of concrete and laminated timber.....*666
Russia completes huge Ural steel plant n Mar. 25; adv. 108
San Francisco:
Tank engine test cells designed for sound reduction *812
Seattle:
Naval storehouse—glued laminated beams carry testload.....*810
Sperry Gyroscope war plant is designed for efficiency *121
War plant in eastern city with glass walls *288
War plant in eastern city with glass walls—lighting. Mertz, Budell..... l 538

C

Cables:
Unspinning Tacoma Narrows bridge cables. C. E. Andrew.....*35; e26
California State Division of Architecture tells of year's work..... n97
Cameron, Kenneth MacK. heads Canadian engineers n*257

Canals

Cascades, Oregon, locks to become war scrap.....n Apr. 8; adv. 126
Florida barge canal appropriation turned down n645 n709
Madera Canal to be completed.....n773

Cement

Piping compressed air into cement storage bins prevents clogging..... 374
Requirement for cement in 1943..... n Apr. 22; adv. 236
WPB suggests conversion of idle cement mills n528

Channels:

Air jets clean submerged channel. C. L. Seaman *375

Cities

Frederick, Md. still playing on Civil War ransom n789
Mexico will build a "University City" n June 3; adv. 160
Milwaukee adopts improvement program .....
Manpower and materials shortages hamper municipal public work.....
Milwaukee is lowest in per-capita debt.....
Municipal affairs and sanitation activities in 1942. E. J. Cleary.....
Pennsylvania municipal services at lower cost through cooperative arrangements .....

Cofferdams:

Fighting water flowing into bridge cofferdams through limestone bedrock .....

Columns

Beam-method of design for eccentrically-loaded columns. Odd Albert.*363; G. P. Tschebotarioff.....
Charts speed calculations for concrete columns. Joseph Zalkin.....
Concrete column design. David Bloom.....
Eccentrically loaded columns. Christensen, MacLean, Zbinder, Hauer, Ellis.....

Compressed Air

Air compressor unit for spray painting.....
Air jets clean submerged channel. C. L. Seaman .....
Dismantling gas holder.....
Piping compressed air into cement storage bins prevents clogging.....

Concrete

American Concrete Institute recommended stresses for unreinforced concrete .....
Bamboo cane used as reinforcing.....
Barge "Belair No. 1" of concrete launched at San Francisco.....
Barges of concrete constructed for seagoing .....
Barges of concrete discussed by Structural Engineers .....
Cement-grouted ballast used by railroad for construction of concrete driveways and platforms. H. F. Smith.....
Charts speed calculations for concrete columns. Joseph Zalkin.....
Concrete blocks for sabotage protection. G. W. Hoffman.....
Concrete blocks used in construction of Army hospital .....
Concrete column design. David Bloom.....
Concrete and laminated timber used for framework of war plant.....
Dam plug—design and construction methods .....
Forms:
Chrysler's war plant concrete roof built with traveling retractable forms .....
Douglas Dam saves steel with cantilever forms. J. C. Patchen.....
Friant Dam aggregate washed for gold.....
Highway-early-strength cement concrete.....
Lean-mix concrete used for Australian roads .....
Multiple-arch concrete roof saves steel.....
Oil-resistant linings for concrete tanks.....
Pacific Northwest airport paved with concrete in near-zero weather.....
Precast concrete construction for Pittsburgh industrial buildings.....
Precast concrete designs for seaplane ramps .....
Precast concrete for lighting standards.....
Precast structural members.....
Precast tunnel lining segments of reinforced concrete bolted together used in London .....
Prestressed concrete tanks built by the Navy. R. B. Garrabrant.....
Reinforcing bar restrictions relaxed.....
Reinforcing concrete with timber. Alfred Boyd .....
Reservoirs of reinforced concrete built with many sides to simplify formwork.....
Ship of concrete.....
Ship of concrete. L. V. Norris.....
Ships of concrete coated with Inertol. K. T. Fezer.....
Shortcrete repairs Imhoff sewage tank.....
Strength of steel anchors in concrete. H. E. Graham.....
Tanker of concrete, shows its mettle.....
Thin concrete barrel roof withstands fire test. J. E. Kalinka.....
Volume changes in concrete—Highway Research meeting .....
WPB may relax concrete reinforcing restriction .....
Water-cement ratio for accurate concrete mixing and dollar economies. R. F. Moss .....
Winter concreting of Jackson Lake Dam highway .....
Winter protection for construction of Army hospital in northern location.....
Conduits across swamp.....

Construction

Boeckh index of construction costs 1926-1942 (tables) .....
Budget for construction.....
Construction under war controls. R. B. Colborn .....
Construction volume 1925-1942 for computing 1942 corporation taxes (tables).....
Cost data on war construction projects (table) .....
Cost of financing—bond interest and money rates (chart & tables).....

Costs of standard house in representative cities—1935-1939 (tables)..... 638
Depreciation schedule—U. S. Bureau of Internal Revenue 622
ENR construction cost index 1913-1943 (chart & tables)..... 572
MPR 251 is unworkable. R. A. MacGregor 1 410
Major WPB orders affecting construction 181
Materials Control Branch of Construction Bureau useful for construction applicants n21
Military construction program for 1943..n865
Monthly construction business summary, Jan. 14, adv. 83; Feb. 11, adv. 83; Mar. 11, adv. 83; Apr. 8, adv. 67; May 6, adv. 83; June 3, adv. 83
Municipal building costs—New York City, 1942 632
Navy construction in theatres of operation *207
OPA price regulations affecting construction 614
Overseas construction in 1942..... n274
Pictorial record of engineered construction in 1942..... 229-244
Price ceiling changes expected soon....n271
Price control revoked on construction..n403
Public utility construction cost index 1917-1943 (tables) 580
Railroad construction cost indexes 1919-1941 (chart & tables)..... 578
Review and forecast—1942-1943..... *182
Small house cost 1936-1943 (chart & tables) 636
Special building cost and volume indexes 1913-1942 (charts & tables)..... 574
War construction practices. H. W. Hunt *204
War construction records (charts & tables) *219-228
War construction shifts overseas..... n963
War essentiality governs building approval..... n Apr. 22; adv. 235
War prisoners on construction..... *873
WPB approves essential construction..n389
WPB cuts construction work..... n100
WPB issues new form for start of construction n915
WPB issues stop orders on more construction n717
WPB re..es procedure for blanket building approval n266
WPB stops $1,200,000,000 construction work n1
WPB stops projects having a cost of $297,000 ..... n407
War project construction in January (table) n466

Construction Equipment

Air compressor unit for spray painting.*823
Army Engineer equipment to be transferred to troops..... n463
Army equipment pool aids contract work *348; *616
Conservation book issued..... n406
Cranes, conveyors, skids and derricks move timbers in fabricating yard... *428
Crane, gantry, protected with pipe bumper *764
Depreciation schedule—U. S. Bureau of Internal Revenue 622
Derricks of timber for British Columbia shipyard use *742
Derricks, traveling tower, erect timber hangar *542
Ditcher, driverless, digs trenches under fire..... n June 3; adv. 154
Dragline, walking, makes stripping economical n*154
Dredges see Dredges and dredging
Equipment going to Alaska to bring higher rentals n463
Equipment rental rates May 11, 1942... 612
Gantry crane has "open air garage." Grand Coulee Dam..... n*772
Guard for hammer operators..... *763
Heat cure for rusty taps. F. R. Cozzens.*504
Highway eulpment to be pooled under WPB n535
Highway eulpment to be pooled under state-WPB plan..... n321; n333; e343
Inventory sales of construction machines permitted n916
Keeping highway equipment in service despite war restrictions. Frank Kelso *50
Ladder designed for safety and strength.*823
Launching cradle lays Norfolk, Va. water main under water..... *310
Locked covers used to protect machines. H. D. Hammond..... *375
Magnetic nail pickers go to war..... *479
Maintenance tool rack. C. C. Lynde....*696
Mucking machine lowered into Chicago water tunnel n*657
Oil derrick, sound-proof..... n*787
Pennsylvania naval supply depot construction equipment maintenance. Paul Copenhaver *292
Pooling construction equipment..... e115
Postwar equipment e728
Retaining hooks for hoist line. C. C. Lynde *149
Rivet heater uses butane gas..... *148
Road machinery. B. E. Gray..... 1 789
Roll crushers permitted to be built in five sizes n172
Rollers compact asphalt paving on slope of Los Angeles reservoir..... *561
Scraper production halted by WPB....n517
Service charge for equipment subject to OPA approval n165
Shovel, coal stripping, scrapped..... n*404
Small parts box..... *696
State officials will direct equipment pooling n408
Traveling carriage constructs concrete roof on Chrysler's war plant..... *874
Used machine catalog issued by WPB..n518
WPB eases equipment parts..... n517
WPB expedites production..... n851
WPB seeks to release idle contractors' plant n921
WPB survey finds many idle machines. n97

Construction Materials

Army Engineers place surplus materials in pool to alleviate shortages..... 429
Asphalt group forms industry war council..... Feb. 25; adv. 78
Controlled Materials Plan explained by WPB n403
Controlled Materials Plan Regulation amended n778
Controlled Materials Plan to apply to war housing n864
Expansion planned in raw material capacity n467
Glass block gatehouse..... n*658
Glass walls for eastern war plant..... *288
Gypsum substitution for strategic materials..... n Apr. 22, adv. 239
Materials and labor prices..... 80, 248, 378, 510, 702, 844
Materials and labor prices, Dec. 1942.. 592
Navy's Camp Bainbridge, Md. built from non-critical materials *124
Prices of construction materials (1874-1942 (charts & tables)..... 589
Price relief offered on certain "local" materials n468
Priority rules simplified on small construction n459
Substitute materials in municipal services 762
Substitutions to save critical materials.. 189
WPB's Facilities Bureau to act as agency under Controlled Materials Plan n17
WPB issues seventh list of critical materials n172
WPB issues critical materials list No. 8 ..... n655
WPB to help contractors about unused materials n854

Construction Overseas

American airbases across Africa. Littler & Creamer..... *216
Army engineer work in foreign fields....*213
Construction communiques..... 154, 392, 724, 785, 917
Navy construction in theatres of operation *207
Sanitation in Latin-America. G. M. Fair *120

Contractors

Gasoline shortage shuts down some construction jobs n784; n854
Iowa and California sales taxes applied to war work contractors..... n12
Maintenance and repair work help contractors n778
New York contracting organizations sponsor Army recruiting dinner..... n854
War contractors' margin of profit limited n256

Contracts

Cost-plus-fixed-fee contract abandoned by Navy's Bureau of Yards and Docks.n772
ENR engineering construction contracts..... 14, 23, 102, 113, 166, 175, 268, 277, 331, 339, 400, 409, 460, 469, 530, 537, 653, 661, 718, 725, 779, 788, 861, 870, 925
Federal housing contracts awarded competitively n457
Mississippi River levee—Supreme Court rules on contract delays..... n155
Price control not applied to some defense building n459
Culverts:
Missouri highway grading and culverts (unit prices) 78

D

Dams

Apalachia Dam:
Hiwasse River flows over dam..... n*849
Barker Dam:
Stop order lifted..... n656
Bolton Dam:
Collapse caused from poor construction n457
Columbia River:
More dams considered..... n854
Dam construction suggested at flood-control meetings n850
Denison Dam:
Power production to start Jan. 1..... n336
Douglas Dam:
Cantiliver forms used for concreting. J. C. Patchen..... *562
Dam closed in 13 months..... n328
El Azucar Dam, Mex.:
Nearing completion n536
Fontana Dam:
Concreting plant n*713
Friant Dam:
Completion ordered n773
Gold recovered from aggregate..... n397
Germany:
Moehne and Eder Dams attacked successfully. J. D. Lewin..... *890
Moehne and Eder Dams breached by British bombers n*719
Grand Coulee Dam:
Additional work permitted..... n520
Army engineers recommend that the level of Flathead Lake be raised'...n913
Cheap power causes boom in Spokane area n521
Gantry crane has "open air garage".n772
Sheep allowed to cross the dam..... n*864
Timber bridge dynamited..... n451
Green Mountain Dam, Colorado:
Power plant in operation..... n785
Hales Bar Dam:
Model shows under-flow reduction...n*158
Jackson Lake Dam:
Highway over dam rebuilt in winter..*682
Keswick Dam:
Concrete work to be continued..... n773
Progress shown n*6
Mud Mountain Dam:
Cost was double estimate..... n275
Nez Perce Dam:
Proposed dam n850
Norfolk, Va.:
Spillway of dam at water supply reservoir *898
Norfork Dam:
Arkansas is paid for roads flooded by dam n334
Bridge construction urged..... n263
Possum Kingdom Dam:
Power sales attacked by Texas Senate n520
Ross Dam, Seattle:
Bids called for again n12
Raising the dam (unit prices) Mar. 25 adv. 102
Seattle awards contract for raising dam n170
San Vicente Dam:
Design and construction methods for a tight plug in concrete dam..... *684
Water storage for San Diego..... n406
Shasta Dam:
Appropriation for power plants asked n660
Concrete progress n*643
Concreting progress n853
Land condemnation price set..... n93
Pit River bridge—traffic moves..... n93
Railroad around dam now Southern Pacific property n113
Youghiogheny Dam:
Correction. Floyd Shofner..... 1 25

Dams, see also Tennessee Valley Authority.

Darrow, Frank retires as C. B. & Q. chief engineer n*29

Drainage

Airport drainage on a rocky site..... *28
Airport is drained by utilizing underground channels *498
Everglades reclamation planned by Florida n647
Multiple-box drain for airbase runoff *678
Precast box conduits for runway drainage. C. R. Otto..... *899
Reclamation of marsh lands by drainage pumping 501

Dredges and Dredging

Milwaukee river dredging awarded to lone bidder n922
Suction hopper dredge and ladder dredge excavate both soft and hard material. Lieut. R. C. Jensen..... *493

Drydocks

Floating drydocks voted for Navy....n171
Navy asks appropriation for drydocks.n15:
Navy unveils some of its new floating docks n*464
Why we recovered from Pearl Harbor..n389

E

Economic Development Committee organized for New York State..... n773

Electric Railways

Memphis, Tenn. seeks to block WPB removal of street rails..... n170
Memphis wins rail salvage fight, then drops injunction against WPB..... n262
Seattle, Wash. rail removal and resurfacing streets (unit prices) 246
Electrical transmission:
Setting utilities poles with high explosives. J. L. Mattox..... *811
Ellison, Jay T. Minnesota road department official dies n*22
Engineering Institute of Canada meeting in Toronto n323
Engineering News events of 1942..... 189
Engineering News Record:
J. Roland Carr joins staff..... n*777
